overall threshold of 70%

Experts are **selected according to the Scientific Area, Descriptors, Free key words and Summary** you have provided in Part A

They are **expert in a discipline** or business area relevant for your project, but **not necessarily in the topic** of your proposal

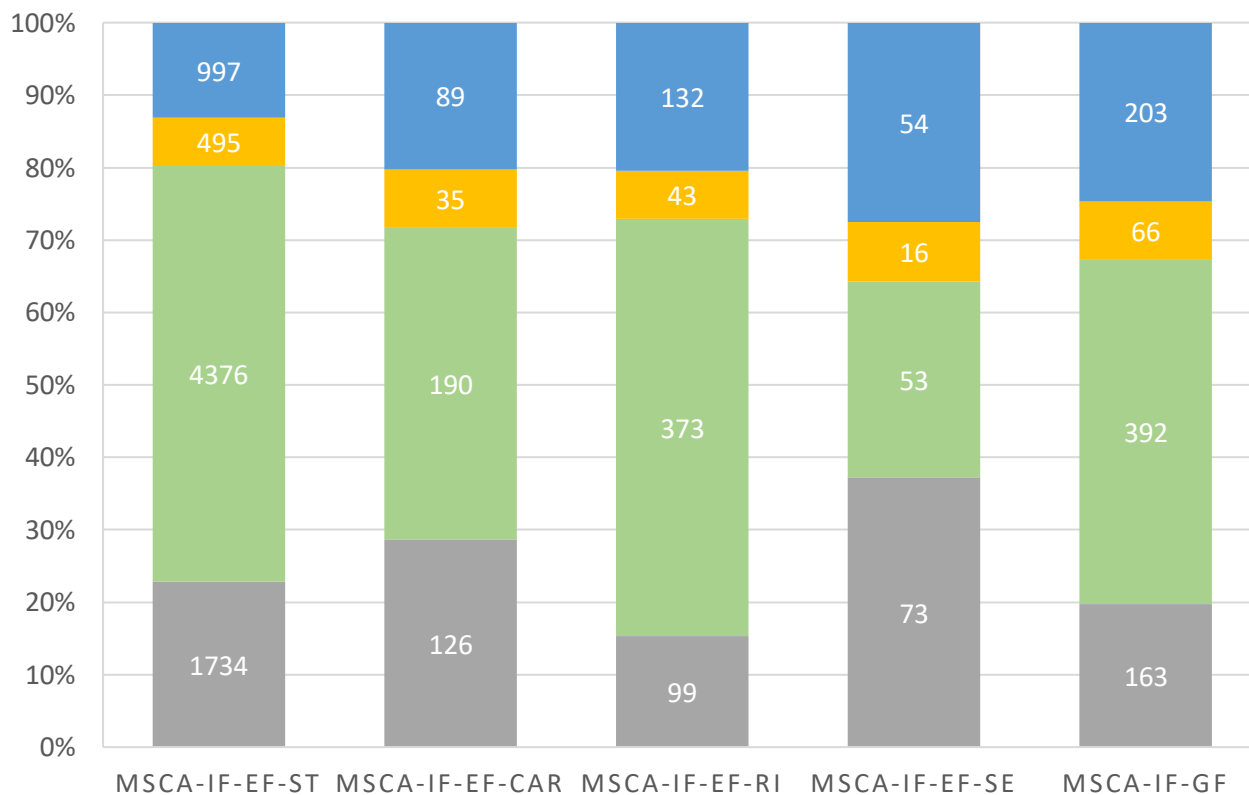

They might follow **different approaches, use techniques** and belong to **different traditions**

They read **many proposals at the same time**

They review proposals **in the spare time** (they usually teach, run business...)

They have to follow the **evaluation grid**

- Write in clear and plain English
- Limit acronyms
- Integrate text, pictures and graphs...
- Answer each section / paragraph: they correspond to sub-criteria
- Consider different viewpoints and try to answer all possible objections
- Try to be unique... but not too original

- Retained for funding
- Reserve list
- Above threshold but not retained for funding nor in reserve list
- Below threshold

### Success rate

EF Standard: 13,11%  
EF-CAR: 20,23%  
EF-RI: 20,40%  
EF-SE: 27,55%  
  
GF: 24,64%

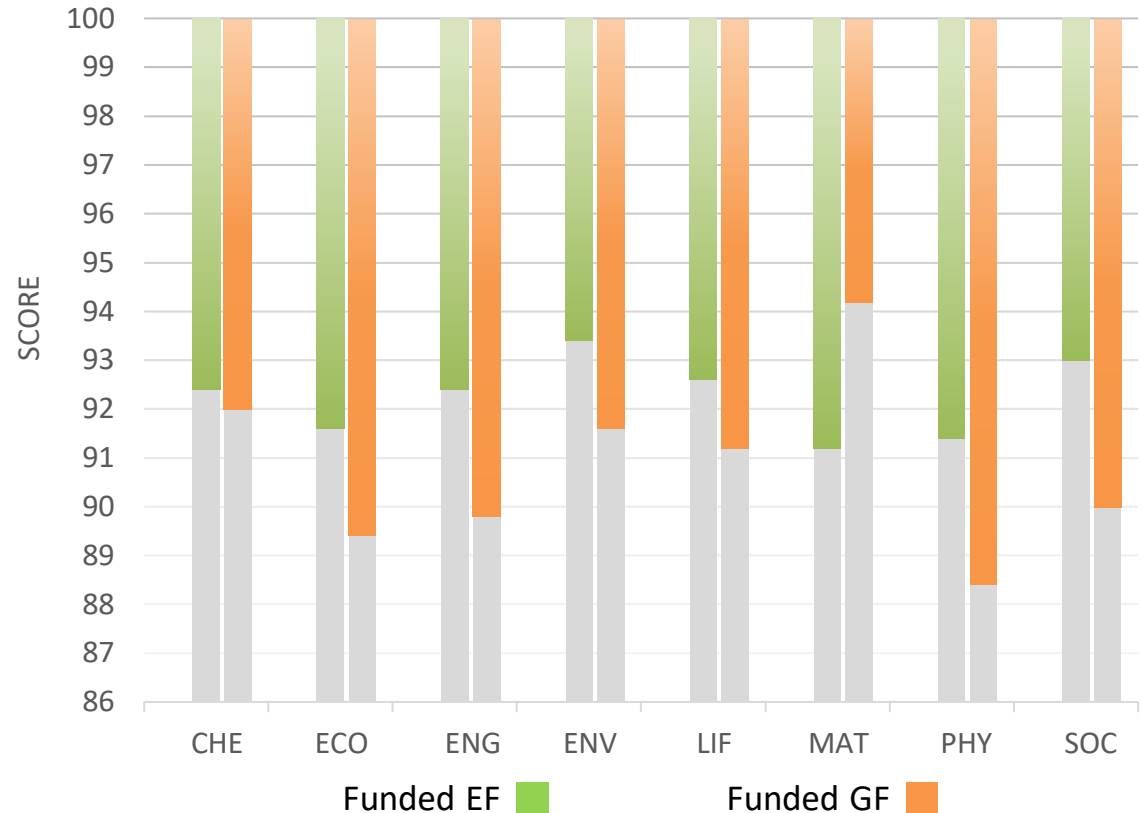

### REMARK

Reserve List is wider than usual (to be used in case of hard Brexit)

## MSCA-IF-2019 Cut-off score per panel (score you need to get funded)

	EF Standard	GF
CHE	92,4	92,0
ECO	91,6	89,4
ENG	92,4	89,8
ENV	93,4	91,6
LIF	92,6	91,2
MAT	91,2	94,2
PHY	91,4	88,4
SOC	93,0	90,0

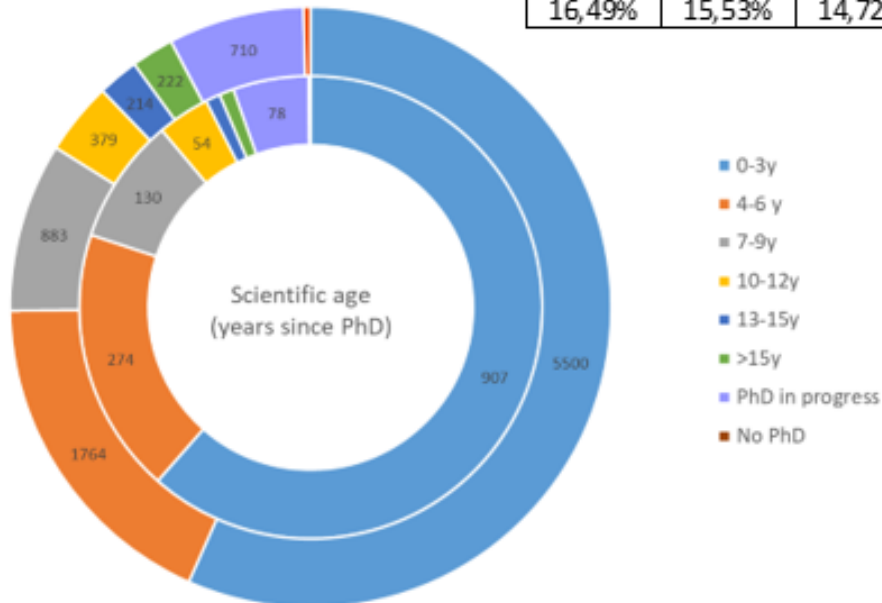

EF-CAR	EF-RI	EF-SE
89,4	93,0	82,2

**Success rate does not depend on discipline**

Budget is distributed among the panels according to the received eligible proposals

## IF 2019: Research “Experience”

Success rate							
0-3y	4-6 y	7-9y	10-12y	13-15y	>15y	PhD in progress	No PhD
16,49%	15,53%	14,72%	14,25%	7,01%	6,76%	10,99%	5,41%

*IF success rate: 15,15%*

Within the EF fellowships,

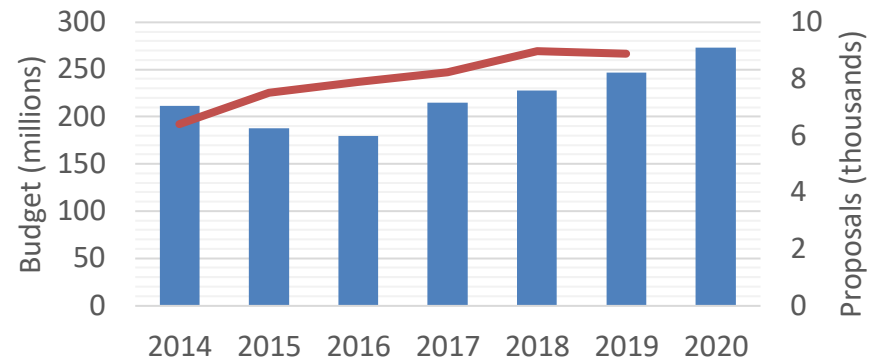

- **CAR and RI will have a higher success rate** thanks to different weighting
- **EF-SE will probably have a higher success rate** thanks to dedicated budget

**GF are expected to have a higher success rate than EF (like in 2019)**, thanks to a higher budget and stable number of proposals in the last calls

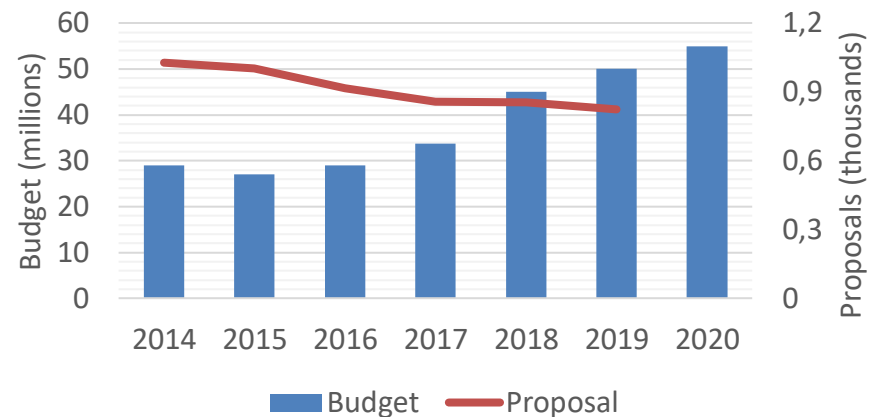

**Resubmissions have higher success rate:**

**If you got a good evaluation in the past, try again!**
